

Fire and Life Safety Plans Review

June 4-9, 2012

**Fire Service Training Bureau
3100 Fire Service (Haber Road)
Ames, IA 50011-3100**

This 6-day course will assist the student in verifying that construction documents comply with applicable building and fire codes for fire protection and life safety requirements. Subjects addressed in the course include site plan reviews for emergency apparatus access, water supply, and hydrants for fire protection; review of architectural drawings for construction requirements, means of egress for life safety, and fire-resistive compartmentalization; evaluation of heating, ventilation, and air conditioning (HVAC), evaluation of exit illumination and emergency power supplies, and assessment of the need for built in fire protection systems and smoke control/management systems.

Selection Criteria: Individuals who are, or expect to be, responsible for verifying code compliance of construction documents from a fire protection standpoint. **(NOTE: Local jurisdictions are encouraged to submit applications of both their fire and building plans examiners to attend a course together if both meet the selection criteria. Priority selection will be given for up to five pairs of such officials per course offering. Applications must be submitted together, be approved and signed by the head of the sponsoring organization, with a cover letter indicating that they are applying as a team).**

Prerequisites: Students registering for this class must provide verification that they meet these prerequisites:

- Certification as Fire Inspector I: Certification by International Code Council (ICC), National Fire Protection Association (NFPA), individual State fire training organization, or individual State Fire Marshal's Office, or
- Fire official or building official—completion of Fire Inspection Principles and 18 months subsequent experience.

Class Size: 30 Students • **Class length:** 6 days • **Registration Deadline:** May 11, 2012

*** Students must submit the FEMA Form 119-25-1 (formerly the FEMA Form 75-5) with the registration form. Students must also submit verification of prerequisites.**
