

## Incident Command for High-Rise Operations

May 3-4, 2012

Des Moines Fire Department "Training Annex"  
1300 Scott Avenue  
Des Moines, IA 50309

This course is designed to assist emergency response officers who have responsibility for managing high-rise incidents. This includes organizing resources, developing strategies, and managing tactical operations to protect life and to minimize damage during an incident. Student should have a working knowledge of the basic ICS organization; working knowledge of strategy and tactics for structural firefighting; knowledge of building construction; and understanding of the type of building systems existing in high-rise buildings.

8:00am - 4:30pm

Class Size: 30 Students

Registration Deadline: April 13, 2012
